There are many different friendly characters such as zombies, skeletons, creepers, spiders and even skeletons with armor that can fight for you! You can tame these creatures with different tools like sugar or apples (or any other food) and make them fight with you against other hostile mobs."

When creating a custom modpack for your server, it is generally okay to include builds from other popular servers or bases upon which other mods can be added. This will help add variety to your server and make it more interesting. Players will love to explore new areas and find things that have been added by other players. You can make your server unique and attract lots of new players by using this method."
